## Triangle Plays

It's only a matter of days, now, until the first of the Triangle Plays will be ready.

They have been MONTHS in preparation. All through the Spring and Summer Griffith, Ince and Sennett have been hard at work.

And with them, hard at work, too, have been well-known actors and actresses enough to have kept Broadway ablaze for half a dozen

DE WOLF HOPPER was there-seventy-six inches of rollicking fun-end on end.

Beautiful BILLIE BURKE with all her charm.

DUSTIN FARNUM, strong and fine and more convincing than ever.

RAYMOND HITCHCOCK with his unruly blond hair and contagious smile.

LILLIAN and DOROTHY GISH-each equally sweet and lovely and lovable as the other.

DOUGLAS FAIRBANKS of Comedy Street: the man who always makes you "glad you went" to the play.

EDDIE FOY-whose wide, moist smile and merry eye is a week's vacation to "tired business man."

ROSZIKA DOLLY, who has danced her slim, graceful little self into the hearts of all theatregoing New York.

MAE MARSH, who is "beautiful even when she cries," and

BOBBY HERRON—who probably has more friends than any man of his age on the American stage.

But why go on!

The results of all their work are nearly ready.

Beginning September 23d, Triangle Plays will be shown at the Knickerbocker Theatre in New York; the following week in a good theatre in Chicago, Philadelphia and Boston; and by October 20th they will be ready in one good theatre in every important city in the country.

With so great an audience as this is it surprising that these great actors and actresses should have been glad to work harder than ever?

Is it surprising, with such collaboration, that

GRIFFITH, producer of "The Birth of a Nation,

INCE, famous for the "Battle of Gettysburg,'

SENNETT, creator of Keystone Come-

and the splendid directors working with them, should have outstripped anything ever imagined in the making of beautiful pictures?

Is it surprising that the Managers of The Triangle Film Corporation should have done their share, too, to see that these extraordinary pictures should be adequately shown?

Or that the best theatres all through the country should be competing for the chance to show them?

And is it surprising that not only the great big public, but thousands and thousands of people who have never thought of going to pictures before should be waiting eagerly for the announcement of date and place?

Yes-it has been a great summer,

But,-

The time has come!
